13 The suggestion of the Conf Shimoga at 'A' on Page 23 Cf. appears to be the only practical solution to the present problem. The CCF, however, is of the opinion that cases where the lands are under cultivation for 5 years or more may be regularised and in all other cases the lands should be resumed to Govt. Acceptance of the CCF's suggestion will give room to lot of dissatisfaction & will lead to complications. The fault was on the part of the Revenue Dept. in having granted lands without referring the matter to the Forest Deptt. Further as the State Forest was not also cut originally. In view of the circumstances & to avoid criticism & dissatisfaction from the present holders of the lands, we may approve the suggestion of the Conf Shimoga Circle made at 'A' on Page 23 Cf. PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

Sub: Wrong inclusion of certain Hinduvali lands resumed Survey numbers and certain assessed coffee lands in Maskali State Forests, Chickmagalur district.

AGRICULTURAL & FOREST DEPARTMENT.

Order No. AFD.69.DST.57, Dated, Bangalore 23rd September 1959.

Read: 1. Letter No.Ex.4/88/57 dated: 18-5-1959 of the Chief Conservator of Forests in Mysore, Bangalore.

2. Letter No.B3.4.36/57 dated: 26-7-2959 of the Chief Conservator of Forests in Mysore, Bangalore.

ORDER.

It was represented that certain Hiduvali lands and assessed survey numbers of Byarvalli village of Chickmagalur taluk have been included in the Maskali State Forest and requested that these be released to the Revenue Department.

This matter was enquired into and it was found that well wooded areas in Sy.Nos 173,240,345,374 and 288 taken over for the constitution of the Maskali State Forest are all under coffee crop, that private residences have been build up in the areas, schools constructed and roads formed. It is also reported that some of these lands were released prior to the constitution of the state forest and some others viz., S.Nos 159/240,442/357,313,/364,439/374,365/386,137/345 440/376,141/133 and 135/343 have been ordered to be released after the constitution of the State Forest by the Revenue Department, but without reference to the Forest department.

In view of encroachments and disposals of lands for cultivation by the Revenue Department within the maskali state Forest limits and also in view of the fact that the 'D8 line of the State Forest was not originally cut, Govt. is pleased to direct that these areas should be excluded from the State Forest and the 'D' line realagned treating S.Nos 345 of Byravalli village as an enclosure within the state forests.

The Conservator of Forests, working plan and development circle, Bangalore should take immediately steps for the realignment and marking of the 'D' line of Maskali State Forest excluding the areas already disposed of by the Revenue Department authorities and also thoose encroached by ryots.

The Chief Conservator of Forest, in Mysore, Bangalore should submit draft disforestation notification in this behalf early.

HSR 17/3

Respected Sir,

Subject: Wrong inclusion of certain Hiduvali lands, resumed S.Nos. and certain assessed Coffee lands in Masagali State Forests, Chickamagalore district
===== =======

I beg leave to bring to your kind notice that a few years back the Forest Department have included certain assessed S.Nos. of Byaravalli village, Chickamagalore Taluk in to the Masakali State Forest though some of them have already been granted to the Ryots and are under cultivation, and certain other resumed S.Nos. which are not contiguous to the State Forest.

I beg leave to point out the following discrepancies.

1. S.No. 173 GOMAL } It is stated in the Forest Notification that 330 acres have been taken for the State Forest and that 8.37 acres have been left for the village.

But, it is seen from the Revenue Departmental Pahani that this S.No. consists of 286.17 acres and out of this, an extent of 25 - 36 acres have been granted to Sri M. D'Souza.

S.No.240 - Out of this S.No. an extent of 10 - 2 acres have been assigned to State Forest. But this extent as per Pahani is under cultivation by Sri M. D' Souza.

S.No.345 - Out of this S.No. an extent of 8 - 29 acres have been assigned to State Forest. But this is under cultivation by Shri Veeranniah.

S.No.374/1 and S.No.374/2 - In the Forest Notification different extent is noted from what the Revenue Records show and again 374/1 is under cultivation and the whole S.No. which was previously held by a land holder was resumed for arrears of Land Revenue.

S.No.386 - This is assigned to State Forest, but, this is granted to Sri Manje Gowda and is under cultivation.

In this respect, I beg to bring to your kind notice that the villagers have been making representations to the Government for releasing a few of these S.Nos, which appear to have been included by mistake to the State Forest though they are quite isolated and cut off from the State Forest, to Revenue Department, so that they may be cultivated and that there may be no difficulties either for the Forest Department or them.

I pray that the District Forest Officer may kindly be deputed to inspect the S.Nos. in question

in question jointly with the Revenue Sub-Division Officer, Chickmagalur, and action taken to release the above mentioned S.Nos. as also S.Nos. 364, 374/2, 375 and 357 to the Revenue Department as they are quite isolated.

I beg to remain

Sir,

Yours Faithfully,

as required under the rules and that the present contratemps is to be ascribed exclusively to this omission."

4) "I am arranging to ascertain if any part of the areas taken over from other villages, for the constitution of the State Forest, has been similarly granted for cultivation and shall furnish a comprehensive report, after all the data become available."

5) "It would, however, appear that all the accessible heavily wooded areas, included in the State Forest and suitable for Coffee cultivation have already been released and cultivated, that the only areas left untouched are the bare rocky slopes of hills, which at best can serve as grazing and exercise grounds".

~~Machkoli Block was notified under Section 4~~

6) Though the settlement of the Block was completed in 1927 it ~~conclusion of settlement proceedings~~ was notified as a State Forest under Section 17 in Government Order No. A.F. 2257-Ft. 38-44-2 dated 22-11-1944. The Block has still not been demarcated, presumably because adequate allotment was not forthcoming and also as the services of a Forest Surveyor was not available to survey the Boundaries of the Block and lay them down on the ground.

7) Out of the total land area of Byravalli Village 1511.37 acres were taken over for constitution of the State Forest. Details of areas so taken over (Vide "C" Statement attached to the notification constituting the State Forest) are furnished hereunder:-

Sir,

Subject: Petition addressed to the Hon'ble Minister by Sri Kallegowda alleging wrongful inclusion of private holdings in Maskali State Forest.

Reference: Your Memo No. B3-4-36/57-58 dated 16-4-1957.

The lands within Byravalli Village limits, taken up for the constitution of Maskali State Forest were inspected by me on 7-7-1957. The following is an extract from my tour journal for the day:

2) "Perambulated the area within the limits of Byravalli village taken over for the constitution of Maskali State Forest and also made enquiries of the Shanbhogue of the village and residents. It was found that well-wooded areas in S.Nos. 173, 240, 345, 374 and 386, taken over for the constitution of the State Forests, are all now under Coffee crop, that private residences have been built up in the areas, Schools constructed and roads formed".

3) "Enquiries revealed that in a couple of instances, releases for cultivation had been made even prior to the constitution of State Forest and in others, the releases have been ordered subsequent to the constitution and without reference to the Forest Department".

4 "It is made out that the areas taken over for the constitution of the State Forest still figure in the Revenue records as Assessed Waste, Coffee Kharab etc., and that the records have not been corrected after promulgation of the State Forest, as requi

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Wrong inclusion of certain Hiduvali lands resumed S.Nos. and certain assessed Coffee lands in Masagali State Forest, Chikmagalur District.

Ref:-Your letter No.AFD 69 DAR 57 dated 4-4-1957 and this office letter of even number dated 12-5-1958.

I enclose a copy of Conservator of Forests, Shimoga's letter No.M.18-41/57 dated 30-11-1957 reporting that several well wooded Survey numbers taken over for the constitution of Maskali State Forests are now under coffee crop and private residences have been built up, schools constructed and roads formed already. In some cases releases for cultivation had been made even prior to the constitution of the State Forest and in certain others the releases have been made subsequent to the constitution without consulting the Forest Department. He further reports that the areas taken over for the constitution of the State forest still figure in the Revenue records as assessed waste, coffee kharabs etc., and that the Revenue Department have not corrected their records as required. As these areas have been brought under cultivation and pucca buildings built up he opines that it is difficult to evict the holders at this stage and suggests disforestment of these survey numbers and in order to avoid too may enclosures within the State Forest he suggests redrawing of the boundaries of the State Forest to exclude the areas under occupation.

V.C 4/20

So far as the lands granted by the Revenue Department are concerned there is no objection to disforest them as they have been under occupation from a long time. But in case of encroachments it is not advisable to regularise all these cases. I am of the opinion that cases where the lands are under enjoyment for 5 years or more may be regularised and in all other cases the lands should be resumed to Government. I am asking the Conservator of Forests, Shimoga Circle to take action accordingly. My action may kindly be approved. Orders of Government to exclude the areas that were under cultivation and under coffee in the ownership of private individuals before the date of constitution of the State Forest and to reallign the 'D' line may also be communicated.

The application received with your letter No.AFD 69 DAR 57 dated 4-4-57 is retransmitted.

and Section 17 and also because the block as notified was not demarcated immediately after it was notified.

12) All the lands released have been brought under Coffee cultivation and pucca buildings have been built and roads laid out. It may therefor not be possible to evict the holders at this stage, more so as they have occupied and developed the lands under the authority granted to them by the Revenue Department.

13) In the circumstances, the only course open is to disforest the areas under occupation. This will however introduce a number of small enclosures scattered on a wide area, render demarcation of the Block and maintenance of Boundaries difficult and impracticable and burden the Forest with numerous petty rights and privileges. It would perhaps be advisable to avoid these by redrawing the Boundaries of the forest to exclude the areas under cultivation.

14) The formulation of suitable proposals in this behalf would however call for a preliminary survey of the entire area of the Forest and preparation of a Map indicating them in clear detail the Boundaries of lands under cultivation. It is only then that a decision as to how best to redraw the Boundaries can be taken.

15) To facilitate this, I am taking action to ascertain if there has been any other releases from lands taken over for constitution of the Forest, and shall revert to the subject immediately the required particulars become available.

Yours faithfully,

B. F. Ramakrishna

9) It is now ascertained that of the lands forming a part of the State Forest, the following are under cultivation:-

S.No. 159/240 - Released to Sri D'Souza in 1948-49.

442/357 - 3.0 acres released to Sri Kallegowda in 48-49.

113/364 - 10 acres have been brought under cultivation unauthorisedly and it is said proceedings under Takrar Takta have been initiated.

489/374 - 10 acres have been released to Sri Kallegowda during 1955-56.

365/386 - Released to Sri H.M.Manjegowda in 1949-50.

137/345 - Released to Sri Gangadhariah.

440/376 - Released to Sri Kallegowda.

141/133 - (a) 14.5 acres released to Sri D'Souza in 1943
(b) 30.9 acres to Sri M. Paris in June 1942 (in both these instances releases have been made prior to conclusion of Forest -- settlement.

175/343 - The area has been phoded and 9.36 acres brought under S.No. 589 has been released for cultivation to Sri G.M.Cannon and 5 acres to Sri. Ningegowda in 1945.

10) These releases for cultivation have been made without reference to this Department and that they form a part of the State Forest has apparently escaped notice. In one instance, when records built up for the release of S.Nos. 369, 374 and 385 for Coffee cultivation were referred to this Department for consultation opinion, the Revenue authorities were promptly informed that these formed a part of the State Forest, and they equally promptly dropped the proposal and corrected the "Index of Lands".

11) The release for cultivation of lands included in the Forest areas have occured mainly because necessary corrections were not made in the Revenue records as required by rules, immediately after the Block was notified, first under Section 4 and again under Section

The Secretary to the Government of Mysore,
Agriculture and Forest Departments,
B A N G A L O R E.

Sir,

Subject:--Wrong inclusion of certain Hiduvali lands resumed Survey Nos and certain assessed Coffee lands in Masagali State Forest, Chikmagalur District.

Reference:--Your letter No.A.F.D.69, D.S.T.57, dated 26th June 1959.

I write to state that the area in question has already been surveyed by the Working Plan Staff. A copy of letter No.M18-41/57, dated 17th October 1958 received in this connection from the Conservator of Forests, Shimoga Circle, Shimoga, along with its enclosure and the map of the Forest showing the areas under encroachment etc., are enclosed for kind perusal. The Conservator of Forests suggested re-drawing the boundaries of the State Forest as indicated on the sketch so as to avoid too many enclosures within the State Forest. My opinion has been furnished in my letter of even No. dated 18th May 1959. Orders of Government may kindly be communicated early. The map may kindly be returned when done with.

Yours faithfully,

CHIEF CONSERVATOR OF FORESTS.

Ref:- Your No. M. 18-41/57-58 dated 22nd March 58 addressed to the District Forest Officer, Working Plans and Surveys, Bangalore regarding Marking Certain encroachments.

I write to submit herewith the village map of Byravälli where in the Working Plan Staff have marked the 'encroachments' as also the 'areas already disposed off' by the Revenue Department and also certain 'areas under disposal' included in Maskali State Forest for kind perusal. In view of the fact that certain areas have already been disposed off and certain encroachments have taken place, there seems to be no alternative at this stage than to realign the demarcation line by leaving out the encroached bit and the areas disposed off as also some of the areas under dispos which can be excluded withou t very much af fecting the general pattern of the State Forest. Accordingly, I have marked in the enclosed village map the proposed future Demarcation line in red ink for your kind perusal. The encroachment of S.No. 345 however, has to be treated as an enclosure as it is far too within the State Forest.

Apart from the fact that the Revenue Department have erred in disposing off certain of the State Forest Areas without referrence to this Offide and also on the plea that their records did not reveal any information that these were included in the State Forest limits, encroachment has also occured due to the fact that the demarcation line was not originally cut and maintaine d. I therefore, request that the District Forest Officer, Working Plans and Forest Surveys, Bangalore may kindly be addressed to include realignment and marking of Maskali State Forest Demarcation line duly excluding the encroached and disposed off&c., areas in his Programme during the ensuing fair weather so that the Demarcation line may be cut and any further encroachments duly avoided.

for Chief Conservator of Forests.

Copy of letter No.M.18-41/57-58, dated 17th October 1958, from the Conservator of Forests, Shimoga Circle, Shimoga, to the Chief Conservator of Forests in Mysore, Bangalore.

Subject:--Wrong inclusion of certain Hiduvali lands, resumed S. Nos. and certain assessed Coffee lands in Maskali State Forest, Chickmagalur District.

Reference:--Your letter No.B3-4-36/57 dated 7-8-1958.

I enclose, herewith, a copy of letter No. 972 dated 18th September 1958 of the District Forest Officer, Bhadravathi Division, which is self explanatory.

A | In view of encroachments and disposal of land for cultivation by the Revenue Department, within the State Forest limits and also in view of the fact that the D'line, of the State Forest was not orginially cut, there seems to be no alternative but to exclude these areas and realign the D'line, as opined by the District Forest Officer, treating S.No. 345 of Byravalli Village (which has also been encroached upon) as an enclosure within the State Forest.

The map of Byravalli Village showing the proposal D'line (marked in red ink) is enclosed, herewith.

I request that the Divisional Forest Officer, Working Plans and Forest Surveys, Bangalore, may be asked to include the realignment and marking of the D'line of Maskali State Forest excluding the areas already disposed of by the Revenue authorities and also those encroached by Ryots, etc., in the programme for the current year, so as to enable the District Forest Officer, to arrange for the cutting of the D'line with a view to avoid further encroachments.

2) Letter No B3-4-36/57 dated 16-7-57 from CCF in Sylvan.

It was represented by one Shri Kallegowda that certain Hidewali lands and assessed survey numbers of Byaravalli village of Chikmagalore Taluk have been included in the Nasakali State Forest and requested that these be released to the Revenue Department.

The matter was enquired into and it was found that well wooded areas in S.Nos. 173, 240, 345, 324 and 386 taken over from Cardamom in Nasakali State Forest are all under coffee crop, that private residences have been built up in the areas, schools conducted and roads formed. It is also reported that some other lands were released prior to the Cardamom in State Forest and some others have been ordered to be released after the Cardamom in Nasakali State Forest by the Hon'ble Minister without reference to the Forest Dept.
